

WELCOME BACK!

Our top priority has always been – and remains – the well-being and safety of our guests and the colleagues we work with.

Working with our world class partners and suppliers, we are delighted to have F1 Experiences return trackside in 2020.

Our enhanced hygiene and safety measures mean that the guest journey and experiences will now look and feel slightly different, but we continue our mission to bring you closer to Formula 1 than ever before.

COVID-19 INFORMATION

CORE PRINCIPLES

1. SOCIAL DISTANCING

INCREASED SPACE AND LOWER CAPACITIES

2. ENHANCED HYGIENE

INCREASED FREQUENCY IN ALL HOSPITALITY AREA

3. PERSONAL PROTECTION

FACE MASKS AND HAND SANITISER UNITS

4. TRACK AND TRACE

READY TO PROVIDE TO ANY RELEVANT AUTHORITY

TRUSTED PARTNERS

We are working with our long standing and trusted partners, implementing a wide range of protocols to ensure the highest level of hygiene, safety and security are always provided. All of our suppliers have extensive knowledge in the live event arena and are using their industry leading experience to maintain a high standard of delivery, adhering to strict COVID-19 protocols.

We are working with the Formula 1 Health and Safety Team who have successfully delivered the return of events in 2020. Formula 1 was one of the first international sport events to return to action in 2020, and we are thrilled to be able to welcome you back.

Together, we have established protocols that comply with all relevant regulations and ensure the comfort, well-being, and safety of our guests.

CHANGES // BEFORE ARRIVAL

1. TRACK AND TRACE

We will be operating a Track and Trace system at all the F1 Experiences events, so that we can provide information to the relevant local authorities if necessary. A Track and Trace form will be sent out to all clients ahead of the race weekend or when tickets are collected on site. If there is more than one person, a 'lead member' of the group, along with the number of people in the group, can be recorded.

All information provided is collected solely for this purpose and will be deleted three weeks after the conclusion of the event or as soon as any local regulations allow. There will be strictly no access to any of the F1 Experiences events without a completed Track and Trace form.

2. TEMPERATURE CHECKS

Temperature checks will be conducted on arrival at our Experiences. If you feel unwell or have a temperature, we will ask you to not attend the event. We will have an isolation procedure in place for any guests or members of staff who develop COVID-19 symptoms during the day.

3. DESIGNATED WAITING AND QUEUING SYSTEM

We will have a designated waiting zone for access into the Experiences and we would ask that you queue at a responsible socially distanced manner. This will ensure all relevant checks are conducted safely and thoroughly.

4. TRANSPORTATION

If you have purchased transportation with F1 Experiences in conjunction with your hotel stay, we will provide you with a separate information sheet, detailing the procedure in place for a safe journey to and from the circuit each day.

5. HOTEL ACCOMMODATION

We are working closely with our hotel partners to ensure the highest sanitary standards and safety protocols are being adhered to. You'll find additional information about your hotel's cleaning policies in your account information portal.

CHANGES // ON SITE

» STAFF TESTING

All F1 Experiences staff will be COVID-19 tested before the event and continuously during each event.

» HOSPITALITY AND CATERING

To ensure the maximum safety and security of our guests, we will not be operating a self-service buffet or food stations, in either of the Champions Club or Paddock Club. Our culinary experiences will continue to offer local and internationally inspired cuisine with various service options, depending on the layout of the hospitality space.

» SOCIAL DISTANCING

We will be conducting social distancing in compliance with all local regulations. In our hospitality facilities, there will be increased space between each table, to assist with guest flow and safe dining.

» DENSITY EASING MEASURES

We will be introducing one-way flows and will be introducing separate entry and exit procedures where applicable. These will be indicated by floor signage, wayfinding, and other crowd management tools, such as Tensabarriers.

CHANGES // ON SITE *CONTINUED*

» **HYGIENE MEASURES**

Face masks will be a requirement and it is recommended that each guest attend the event with a mask of their choosing, otherwise a mask will be provided on arrival. Guests will need to wear masks in ALL public areas, on transport and shuttles, Guided Track Tours and when leaving their table within the hospitality facilities. Hand sanitiser dispensers will be placed in strategic locations for guest use. Face masks will always be mandatory for all F1 Experiences and Hospitality Staff.

» **HOSPITALITY CLEANING PROCEDURES**

We will apply the highest hygiene standards with continuous disinfection of all areas, surfaces, and bathrooms. There will also be a strategically coordinated deep cleaning undertaken of both the Champions Club and Paddock Club, both pre- and post-event days. All our F1 Experiences and Hospitality Staff will always wear PPE.

» **CHAMPIONS CLUB AND PADDOCK CLUB LAYOUT**

To implement social distancing, the square meters allocated per person has been increased. To further assist in these measures, tables of 10 people are no longer provided. Instead, we will socially distance guests at tables of 4, 6 and 8 where applicable. Please note that guests will have seats allocated to them and that we do not operate a free-seating policy.

>> EXPERIENCES

In our Champions Club, we will be providing a range of interviews and commentary on the screens within the Club, giving you extraordinary insight into the race weekend. Similarly, in Paddock Club, all interviews will be conducted via video link and any additional experiences will be provided with social distancing in mind.

If you are undertaking a Guided Track Tour with either our Fan or Paddock Club Experiences, note that the capacity has been reduced by 50%, so there may be increased waiting times. We will be operating these track tours with social distancing procedures in place and will be disinfecting all handrails before and after each use.

>> THE FORMULA 1 PADDOCK

The F1 Paddock which houses the F1 Teams will be kept within its own 'bubble'. Therefore, there will be strictly no entry for any F1 Experiences guests or staff.

THANK YOU!
